SOLUTIONS FOR THE OIL & GAS INDUSTRY

*Your trusted partner
for safer and improved
well construction*

A MEMBER OF
HOLCIM GROUP

HERACLES
GROUP OF COMPANIES

/POSITIONED GLOBALLY TO SUPPORT CUSTOMERS LOCALLY

HERACLES Group is Greece's leading company in the building materials industry.
As a member of Holcim Group, the global leader in innovative and sustainable building solutions, HERACLES Group ensures premium quality and continuous innovation.

Holcim supplies well cement from a global network of API licensed plants to support the Oil & Gas industry needs, featuring consistent quality and availability worldwide.
Customer driven R&D is fundamental to HERACLES Group innovation strategy and is supported by our group's industry - leading R&D center in Lyon, a dedicated Oil & Gas laboratory in Houston, US and a network of certified labs and technical centers around the world. With more than 200 skilled researchers, HERACLES Group leads the development of smart and sustainable solutions.

/WHAT MAKES US DIFFERENT

/ REPUTATION
• Recognized Export Leader with worldwide exports to 4 continents.

/ STRATEGIC LOCATION
• Logistics and Distribution Hub for Europe, Middle East, Africa and Asia.
• Gateway to the European Union.

/ PRODUCT
• API 10A Class G cement.
• API Class L cement.
• Full range of ASTM/EN construction cements.
• Blended products, addressing applications across all sections of the well.

/ DISPATCH SOLUTIONS & PORT FACILITIES
• 8 bulk terminals with privately owned ports.

/ END TO END BULK DELIVERY SOLUTIONS
• Cement silos.
• Loading stations with weigh bridges.
• Dedicated fleet of road tankers with GPS.
• Bulk cement self-unloading vessels.

/ END TO END BAGGED DELIVERY SOLUTIONS
• Bagging stations for sacs and big bags.
• Dedicated fleet of trucks.
• Delivery by trucks, rail, containers or vessels.

/ PACKAGING SOLUTIONS
• Bulk or bagged in 1.5 MT big bags, containerized or break bulk, designed to meet Oil & Gas Industry specifications marked with API Monogram.
• Covered warehouses for big bags.

/ TECHNICAL SUPPORT
• Customer technical support by specialized group and country resources, supported by our network of laboratories and our technical center.

/ COMMITMENT TO QUALITY
• Milaki Plant is certified according to API 10A for cement production and API Q1 Quality Management System.

/SUSTAINABILITY

Sustainable development is a key pillar in our strategy and the core value of HERACLES Group. As a member of Holcim Group, our commitment to sustainable development is reflected in our guiding principles and our business.

Social progress, environmental protection and empowerment of local communities are key priorities for our operation, driven by our mission to build progress for people and the planet.

/DECARBONIZING OIL & GAS INDUSTRY

/ REDESIGNING OUR PRODUCTION PROCESS

- Increased alternative fuels usage in the production process. Milaki plant exceeded 40% Thermal Substitution Rate (TSR) in 2022.
- More than 45kg/t of clinker CO_2 avoided due to biogenic fuel.

/ OFFERING GREENER SOLUTIONS

- High temperature silica blend with 25% less CO_2 emissions, compared to Class G cement.
- Low clinker Oilwell cement, offering 30% lower CO_2 emissions, compared to Class G cement.

/QUOTES

HERACLES Group provides outstanding support. I greatly appreciate the level of communication on quotes and updates on the status of orders. HERACLES Group is transparent and fair in all of their offerings. The customer service is excellent. I am satisfied with every product of HERACLES Group, including Class G and the Silica Blend.

/ JODY RICHARDS, SCHLUMBERGER,
GLOBAL SUPPLIER MANAGER

The level of service we get on order delivery, communications and discussions, regarding all issues is excellent! 10 out of 10.
